With love at work

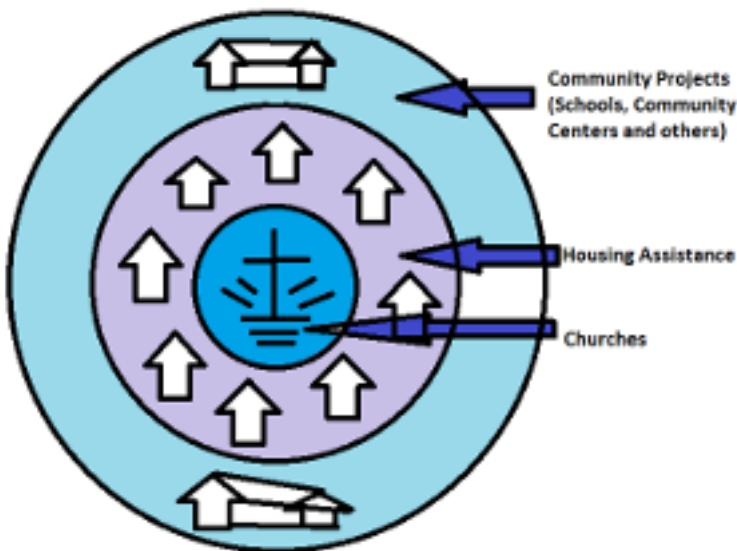

Typhoon Haiyan path

According to National Disaster Risk Reduction and Management Center on its report as of 14 April 2014 there are Total damages of Php 89,598,068,634.88 these includes agriculture, infrastructure and casualties (USD 2,051,710,653.57).

Marked with red stars, NASEA Relief has started and has on-going rebuilding projects. With the support of our donors we are building houses, churches, and schools.

We start where we are.

San Jose Congregation

Photo above was taken by Cris Ronquillo. Cris arrived in San Jose, Leyte a week after typhoon Haiyan. His first mission was to look for Bh. Puso whom we lost contact for 7 days after the typhoon. Fortunately, Bishop and his family were all safe along with few neighbours' whom took refuge at the caretaker's house. San Jose is located at the city proper of Tacloban.

Photo above is taken during the rebuilding phase February 2014. DA Hebeisen visits for the first time after the typhoon. During this time, it was officially known that there are 2 New Apostolic families still missing after the typhoon. Up to this writing, they are not found yet.

Photo above: Taken by Chris Requilme June 2014. San Jose Church and caretaker's house is nearly finished with few minor finishing touches. Dedication is scheduled soon.

Since April 2014, we Chris Requilme has become an official field person for NACSEA Relief.

San Jose Housing Assistance

This is the house of Florida Fernando before the repair of his house. He belongs to the San Jose Congregation. Since most of the members of San Jose moved out to Balakson Congregation prior to typhoon for safety reasons, few members are left in San Jose.

These are the roofing materials and trusses given to Mr. Fernando for the repair of his house.

Below photos are the finished results of the house repair. New GI sheets for the family of Mr. Fernando.

San Jose Livelihood

This is Mr. William Cabaquin. His livelihood is by fishing. The typhoon has completely damaged his boat. He receives a new boat while the motor release is to follow.

Bobonon Church

This is Bobonon Church after the typhoon. It was used as evacuation place for the members and neighbours in Bobonon.

Bobonon church is an ongoing project. Repair and expansion is realized with the help of Ev. Roberto Lucing who is the master carpenter.

Bobonon Housing Assistance

On the left is the house of Sr. Espina after the typhoon. Above is the finished output after the repair of the roofs and walls.

In Bobonon, total of 13 houses are helped under housing assistance. Eight houses are already finished and five are still ongoing repair including the house of the Evangelist Lucing. (Photo on left)

Left photo: taken during the distribution of GI sheets and other materials.

Above photo: taken in one of the finished houses in Bobonon.

Bobonon Community

This is Mariquita Cinco Memorial School located in Brgy. Bobonon, Alangalang Leyte.

NACSEA Relief is in planning stage together with local barangay council, school council and parents for the repair of 1 school building.

Mabelle Bagtas, our field coordinator for this project, is in communication with local barangay to activate a “bayanihan” effort.

School rebuilding

Visares Congregation

Visares church after the typhoon. DA Hebeisen visits and conducts a Divine Service in a makeshift tent.

Church dedication day with the happy congregation!

Visares Housing

Above are few of the pictures of houses in Visares during the survey of Cris Ronquillo. So far there are 19 houses assessed and on-going constructions or in planning phase.

Above are the photos during the first release of GI sheets. Assessments were made and now on the second phase of housing assistance are ongoing.

Lanipga Congregation

Lanipga Congregation after the typhoon.

There is no chapel here. A makeshift chapel is use for Divine Service.

During the visit of DA Hebeisen, a small land is identified and was bought for the chapel to be built.

Photo on the left is taken during the visit of DA Hebeisen.

Lanipga Housing

There were 72 houses identified during the survey

During the survey

During releasing of materials

Some of the finished houses, some are still ongoing repair.

News on the side

Paper and pencils

Children from Hope Worldwide Philippines child centre in Tanauan, Leyte receives complete set of school supplies. The children describes their experiences that typhoon Haiyan took away everything, together with RE Charitable Ministry Kim Kolb we delivered 1000 children school supplies.

A lifeline for frontlines Health Centres

4 health centres affected by Typhoon Haiyan namely Brgy. San Jose Health Centre (Tacloban), Brgy. Visares Health Centre (Capoocan), Brgy. Bobonon Health Centre (Alangalang) and Brgy. Mabato (Lanipga) Health Centre receives a set of weighing scales, Blood pressure apparatus, digital thermometers, and supplies of basic medicines.

Together with our sister Kimberly Kolb from NAC USA and RE Charitable Ministry the lifeline materials were happily received by their respective health workers.

Brgy. San Jose Health Centre

Brgy. Mabato Health Centre

News on the side

An accident survivor

Black Friday 2014, Evangelist Salvador Quirimit of Naguilian, La Union was going home when he met an accident with his motorbike. His left face and right leg was badly hit.

With cooperation from the government hospital Ilocos Training and Regional Medical Center – San Fernando, La Union, PhilHealth and NACSEA Relief, Ev. Quirimit was able to have his surgery. Now, the evangelist is recovering and in full healing process.

Scholar's Section

Summer vacation has passed. A new beginning for our scholars. For this first semester of school year 2014 - 2015, we have 5 enrolled scholars.

We have unfortunately had to drop 2 scholars for reasons of noncompliance to our guidelines and their own decision to leave the program.

However NACSEA Relief is always open to all applications. Please see our program guidelines for further details.

Back to school!

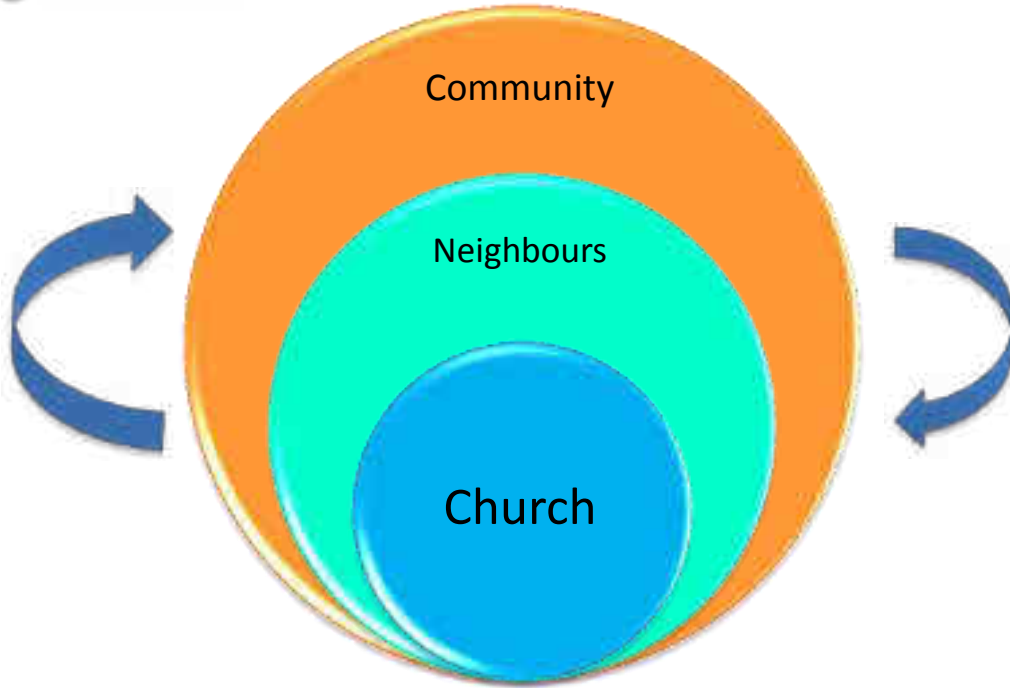

Senden boys meet Kuya Urs and Kuya Ramil ☺

Part of Senden Home summer program, the boys had cooking lesson courtesy of our friends from Livelihood Projects and LeDelice Restaurant. That morning the boys had good time kneading and rolling dough for their own pizza. The boys finally meet Kuya Urs and Kuya Ramil. The afternoon was filled with games and singing.
