

2011 is a big step forward for **NACSEA RELIEF**. The previous year, we added our gears, for the year 2011 have got oil and gearing up has been made. We are now **officially registered as a non-profit organization** under the official name of **NACSEA RELIEF INC.**

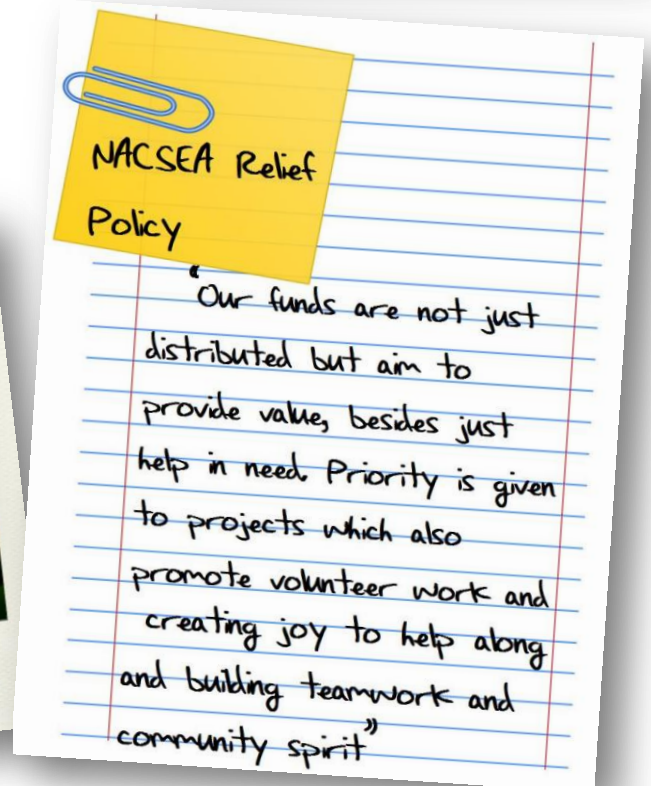

Step by step we are moving on.

We have been all over the country. Together with our ministers we strive hand in hand for those who need help and comfort. This year we also started extending a longer hand to our brethren in our neighbouring countries as well also communities around the NAC congregations.

Slowly we are building partnership and networks that have reinforced and helped to achieve our mission to reach out to all people in accordance with the core values of the New Apostolic Church as serving and cultivating warm fellowship.

We are here with you

Japan Tsunami

On March 11, 2011 tsunamis triggered by an undersea megathrust earthquake devastated large coastal areas on the Pacific side of Honshu Island. Up to January 6, 2012 the police reported 15,844 deaths; 3,381 people are still missing. More than 125,000 buildings have been damaged or destroyed.

After the graveness of the devastation had become obvious, **Brother Victor Chan** of New York initiated and coordinated a donation by Brothers and Sisters of Chinese ethnicity. Their generosity yielded a sum of US \$ 2,700 (¥ 203,336). Together with donations of the Tama Congregation of NAC Japan, District Apostle Hebeisen had a cheque on ¥ 478,870.00 issued for the City of Natori in Miyagi Prefecture, south of Sendai where more than 1 % of the population have been reported dead or missing.

The National Rector of Japan **Sh. Wolfgang Ade** together with **retired Priest Nishizuka** brought the check to the town hall on December 12, 2011. Although nine months had passed since the tsunamis, the devastation is still appalling. On January 9th, 2012 the church office received a letter from the mayor, the **Honorable Isoo Sasaki**, in which he informed that in this small township 911 people had died, 58 people were missing, and 1,588 hectares (3,924 acres) of arable land had been submerged. *(Excerpt from Sh. Ade report; National Rector of Japan)*

CAGAYAN Typhoon Washi

Typhoon Washi made its landfall on the Northern part of Mindanao and brought 10 hours of torrential rains. This triggered disastrous flooding over Mindanao, a part of the country that rarely experiences typhoon. The result was catastrophic.

NACSEA Relief Task Force Sendong(Washi) convened and decided on how to help effectively the victims. With the support from **NAK Karitativ** in Germany we sent initial funding for first aid and relief to our brothers and sisters. (Excerpt from NACSEA RELIEF NEWSLETTER 1)

The affected area belongs to the pastoral responsibility of **Ap. Leonilo Desoloc**, and **Bh. Leonardo Deneiga**. We were able to bring immediate help of food and water to our brethren, and most especially comfort that they are not alone.

It is heart-warming that the people from all walks of life conveyed their time, effort and donations for our

brothers and sisters in need in **Cagayan, Surigao and Iligan**. A District Evangelist volunteered helped with used clothes from his congregation in Tagum congregation; half way around the world from **Eindhoven Netherlands** to Iligan, we were able to help the family of **Sr. Alona Maranga** in Iligan who was affected by the typhoon; a box of clothes from Uster was sent via LBC free of charge; a sister from Surigao who was a typhoon victim herself volunteered to help her congregation and its surrounding, too; our Project Coordinator **Mabel Bagtas**, has seen firsthand the effect of Typhoon Washi in Surigao. **NACSEA Relief** was able to distribute relief goods to 250-families in 3-Barangays (Brgy. Navalco, San Juan and Zaragoza Island).

Recipients from Brgy. Navalca happily take a picture our with Ap. Desoloc and Ms. Mabelle Bagtas.

We were able to extend help thru our active partners ALPS (Aid Line Philippines Swiss) , NESTLE, HOLCIM, GAISANO MALL, STAMM LOGISTICS, Le Delice, SPRINGBOARD FOUNDATION, and other unnamed volunteers who made our efforts felt by those who needed it.

Springboard Foundation our active partner in relief operation.

Days after the terrible floods caused by Typhoon Sendong, the people are trying to rebuild their lives again. Children are especially traumatized by the loss of their homes, loved ones and friends. The life they have known has ceased to exist. (Excerpt from Springboard Newsletter dd. 4 Jan 2012)

Dumaguete Earthquake Relief Operation

On 06 February 2012 around 11:49 AM, a strong earthquake has hit **Tayasan (Negros Oriental)** a magnitude 6.9 has been recorded. Negros province is home to many New Apostolic brothers and sisters. On February 7, the **NAC Dumaguete Youth** headed by **Dc. Jerome Silorio** and **Sr. Flora Mae Catan** went to Tayasan where **Bishop Bacane** lives, taking care of the Tayasan Church. The aftermath of the earthquake is clearly huge. Tayasan church was damaged and many of our members in the nearby congregations situated on the mountain side were greatly affected too. (Excerpt from Negros Earthquake Report)

115 New Apostolic families benefited of our delivery of relief goods, food and water and some 15 families' non member of the church. Most of them were living on the mountainous part of **Tayasan Negros**.

Most of our churches needs outmost help as damages expose our members in danger. Rebuilding and repair will be our next step for our damaged churches.

3. Senden Home Foundation: We started supporting Senden Home Foundation a year ago. Now, we are getting more and more active in helping these boys sheltered at Senden.

For 2011, we have supported Senden with their Medical and Dental needs. The boys are now secured of medicines when they get sick and vitamins to supplement their growing and active life. For the coming year, we have expanded our support and included their food and education needs. The children are enrolled in the government elementary school near Senden.

Senden Home presently is a temporary home to 31 boys. Their ages ranges from 7 years old to 14 years old.

Last Christmas the children received a pair of shoe from NACSEA Relief.

One of the boys in residential care is Joshua. He has an artificial left eye when he arrived at Senden. He does not want his artificial eye because it causes him discomfort. He is now being prepared for refitting of the eye.

4. Livelihood Project

The Work group of the Makati Sisters continued its activities. Cross-Stitching work such as greetings cards, towels, bags and other handcrafted items provided additional income to the working sisters, mothers in humble economic conditions and contributed much needed funds for the programs of **NACSEARelief**, thanks to networking with members overseas who support our efforts by organizing bazaars or business ordering in bulk.

Home is where the heart is...

Our **BIG Thank You** to everyone who has helped us makes things possible.

To **NAK Karitativ** and **NAC Berlin** who have been our active partners and supporters.

Message from the District Apostle:

Dear friends of NACSEARelief,

It is a great joy to see a people in need helping themselves. At NACSEARelief we do not believe in distributing money but taking "hands on" action, working on the spot where the need is obvious but often not advertised and in public awareness.

The concept of help must be based on making a change, bringing an improvement yet we realise that more often than not it is just a momentary relief and no sustainable long term solutions are achieved; the famous "drop of water on a hot stone"

Yes, we do not have the spectacular projects involving huge budgets, yet to be engaged, to be committed, to reach out within our means is a Christian duty bringing joy and happiness to all involved, not just the beneficiary but also the many hands who contribute to this noble work.

A great THANK YOU to all who understand the way we work, the limits we have but the commitment and dedication we maintain. All those who support us with donations and especially also the many hours of volunteer work.

We thank NAK-karitativ and many other institutions and businesses for their good will and support.

"...I say to you, in as much as you did it to one of the least of these My brethren, you did it to Me"
(Jesus Christ)

God bless you all

Greetings of Love

Yours truly

Urs Hebeisen
